

WEAFRI WELL SERVICES COMPANY LIMITED

WASTE MANAGEMENT POLICY

WEAFRI is committed to the protection of the environment through the implementation of an effective waste management program that meet or exceed all legislative and regulatory requirements placed on it through;

- ❖ Compliance with statutory and regulatory requirements on waste management.
- ❖ Reduction in the quantity of waste generated in WEAfri activities through waste minimisation practices
- ❖ Reduction of the environmental impact of waste disposal through re-use (where applicable), recycling and composting
- ❖ Ensure the safe handling and storage of waste on any of the WEAfri facility
- ❖ Provision of appropriate training for staff on waste management issues

Waste generated from WEAfri activities can constitute hazard to the environment and to the health and safety of the employees and the public. To eliminate or reduce such hazards, WEAfri shall, before the execution of any given task, assess the source, types and quantity of waste that shall be generated and ensure the use of acceptable practices and resources in the collection, handling and disposal of such waste.
